## COMMODORE'S MESSAGE

Dear Members,

Congratulations to all our local graduates from nursery school through college for a job well done. And special congrats to the parents of all those graduates for seeing them through! The Lake Forest Nursery School had its graduation in May and a great ceremony it was! Plenty of songs and skits, a delicious luncheon and tremendous support from the parents and families.

The beach opened on Memorial Day weekend and will continue on the weekends until the summer. The staff has been dodging raindrops ever since the start, hopefully the weekend weather will improve.

The catwalk is in place which means the swim curtain is next. We will try to put the curtain in on Saturday, June 13th at 10 am, raindate Sunday at 1 pm. We need as many volunteers as possible—so come down and lend a hand.

Don't forget the Mets Game bus trip coming up on July 18th. Tickets are available in the Club office. This is always a fun event for the family, so don't get shut-out by waiting too long to reserve your tickets.

Paul Murray, Commodore

## Bring your back to a Chiropractor . . . before your back brings you.

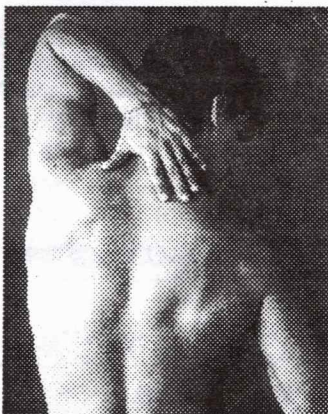

Many people discover Chiropractic the hard way — when they are in severe pain and in need of immediate relief.

Pains in the back, neck, arms, shoulders, and legs are often caused by "subluxations" (vertebral misalignments).

But subluxations can also cause problems that may not result in immediate pain. By irritating nerves, they can diminish the nerve supply that flows to all the major organs of your body.

And without a full nerve supply, your body is susceptible to illness and disease.

Fortunately, many people today are discovering that an ounce of Chiropractic

prevention is worth more than a pound of cure.

Chiropractic adjustments correct subluxations and keep your nerve energy flowing freely, helping to prevent pain, illness and disease from occurring in the first place.

That's why you'll find lots of people in Chiropractors' offices these days without even the slightest back pain. They've discovered this safe, natural, drug-free method of getting well and staying well.

So don't wait for a backache to bring you to a Chiropractor. Call our office today and arrange for a special introductory consultation.

# LAKE FOREST NURSERY SCHOOL

Congratulations to the Lake Forest Nursery School 1992 Graduating Class  
(Front row fr. left) John O'Neill, Michael Mobilito, Logan Kulick, Aaron Burrafato. (Second row fr. left) Jennifer Reboli, Kaelen Barden, Kattie Pilewski, Timmy Willis, Dana Russo. (Back row fr. left) Teacher Pat McGraw, Anthony Cutter, Dana Esposito, Kaly Peters, Peter Kurpiewski, and Michael Dalton. (Missing: Ryan Coutts)

Lake Forest Nursery School ended its 1991/92 school year with a marvelous graduation celebration and luncheon on May 28th. This year's nautical theme was designed and organized by Hospitality Chairwoman Laurie Barden and the ship was painted by Loretta Luongo. Nursery School parents were very appreciative of Laurie's hard work and creative talent in making this year's graduation so memorable for all.

Nursery School teacher Pat McGraw put together a wonderful program for both

morning and afternoon classes, complete with songs, poems and a *The Three Bears* play. Her bard work throughout the year with all the children was apparent as the parents watched their children on stage. All the Moms and Helping Dads thank Pat for another wonderful year!

A sincere note of appreciation goes out to all this year's officers and committee chairpersons for working so hard all year. We can all pat ourselves on the back for a terrific job well down! See you in September!

# PRACTICE ! PRACTICE ! PRACTICE !

The old axiom on how one gets to perform at Carnegie Hall can be attested to by two of Lake Forest's own: Carole Bradley and Mike Sutcliffe, who enjoyed the honor of performing at the Hall on May 10 and 24. Carole, playing violin, and Mike, on French Horn, performed with the Seton Hall University Chamber Orchestra. On May 10th the program was Mozart's Coronation Mass, and on the 24th a moving Requiem and Magnificat composed by John Rutter, who also conducted that evening. Male and female choruses, whose members were chosen from among college choral groups from around the U.S., sang the Latin and English text and were joined by a soprano soloist.

Carole and Mike count this Carnegie Hall recital as a highlight of their musical careers; a testament to the years of continuing study and constant practice which goes in to making a Carnegie Hall performer.

Carole teaches violin to young and adult students full-time while performing with local chamber groups and orchestras and in solo recitals. She is the conductor of the Junior Orchestra at Delbarton, and orchestral assistant for the Abbey Orchestra, St. Mary's Abbey, and has taught a public school elementary string program

Mike, who teaches the Middle School Instrumental Music program in the Boonton Public School, studies the French horn and other brass instruments. For the past 20 years he has conducted musical groups, both vocal and instrumental, K through 12, while playing with church, other community orchestras and brass ensembles, and conducting for North Jersey area bands.

Join the many satisfied Lake Forest residents who have received the benefits of chiropractic care at the
