Commodore's Message

Hi Members,

What great weather we are having these days! I hope everyone had a chance to enjoy our lake this summer, whether by land or by sea.

I heard the campout on the beach was a hit. They even had a large screen movie - what a clever bunch of organizers we have! Unfortunately, my family was away on vacation. Better scheduling will hopefully have us home next year and able to make it.

The Lake Forest Swim Team has just wrapped up a fantastic season. This was the first year on the swim team for my children, Danny and Ashley. Danny was honored with the "Most Improved Swimmer Award" and Ashley wasn't too far behind him. They're already talking about next season. This group is an exceptional bunch of kids. If you have the opportunity to watch the swim meets next season, do it. They are a lot of fun, and the team welcomes the community's support.

I do have a request of our members. When you see any of the trustees, please thank them for the great effort they are putting forth. These volunteers are proud to be in the position of trying to maintain and improve the club for all. They take time away from their families and businesses and apply their knowledge and experience to the everyday running of the club, a major commitment.

A few of the trustees are extremely involved and do a tremendous job. Not only do they produce new ideas but they follow through with the ones the Board agrees upon. Of course, we may not please everyone with all the diverse opinions in the community, but I am sure for every negative comment out there, there are at least five positive comments to match, so please let them be heard. We try to do what we believe is best for the community and its future. We are approaching the time of year where we will need volunteers for retiring trustees. If you'd like to offer your help, please see inside for details.

I'm disappointed to report that vandals have again struck some boats residing in our dock slips. Some damage was discovered this past month. The who? what? where? when? and how? is still under investigation. Please keep an eye out while driving by or through the club for suspicious behavior. If you do see anyone, please call the police as soon as possible and have it checked out.

Stay tuned for next month's roundup on the Closing Day Picnic on September 2nd...sure to be a good one. And one last thing - please wear your badges.

Your Commodore,
Fred Stewart

Lake Forest Facilities Update by Frank Gutowski

Another great summer season is about to conclude with our Closing Day Picnic on Saturday, September 2nd. We know we'll still have some great weekends in September, so we know there will still be activity at the beach. Here is an update:

New Heating and Air Conditioner for the Clubhouse:

We have installed a new heating and AC system at the clubhouse. We now have a three zone system in the clubhouse with new duct work installed in the ceiling. The old floor vents are no longer operational and will be covered up in future renovations. This was the major capital expenditure project for this year and we're pleased to have it completed. The new system is more efficient than our old system, so we will see savings in fuel and

electric cost for the clubhouse.
Dive Tower Refurbishment Project:

The painting of the dive tower and metal railing is now completed. With the water level lowering we are planning to have the lower base also painted within the next month. We are also replacing the wood railings as well as the wood walkway leading to the dive tower. Both areas are showing wood rot and will be replaced with new pressure treated wood.

New Flagpole on Dive Tower:

As I mentioned in the Porthole last month, the old flagpole needed to be replaced due to wood rot at the base of the pole. Our new 25' fiberglass pole was installed in August and you'll notice the US Flag and our club flag flying much higher

than on our old pole. We also have nautical flags spelling out Lake Forest hanging from the yardarm, which adds to the appearance of our club. We still have the old flag pole, waiting on any recommendations from membership as to what to do with the pole.

Beach Galley Painting and Repairs:

The painting project is completed and we have replaced the rusted door to the utility closet. I'd like to thank **Jeff Phillips** for doing an excellent job in painting the galley, dive tower and replacing the utility closet door.

Electrical Repairs:

We've repaired the electrical problem on the swim team peninsula causing the circuit breaker to constantly trip. The problem was caused by water shorting an electrical box un-

der the B and C dock walkway. The box was repaired and the line was reconnected. We also made some minor repairs to the bubbler system to keep the water circulating in the beach area. The system motor will need some additional work to prepare it for next season and we are considering having it refurbished. I'd like to thank **Tony Maciorski** for making the necessary repairs.

Beach Operations and Policies

Daily beach operations will close down after Labor Day weekend. After that weekend, the concession stand will be closed for the season and lifeguards will be off duty. We'll have the beach galley restrooms open on weekends during September.

Facilities Update

(Continued from page 2)

End of Season Beach Closedown: Saturday, October 21st

We will need volunteers to come to the beach at 9 AM on Saturday October 21st to close down the beach operations for the winter. Among the tasks that morning will involve removal of the diving boards, catwalk curtains, bring in the catwalk and storing the lifeguard chairs and picnic tables. We will have coffee and doughnuts for the volunteers. If we get a great turnout we'll be done before noon. Please come down and help us prepare the beach for the winter months.

Recreation Field Fence:

We're still looking for any members who have access to a commercial grade auger or a pile driver to plant the telephone poles we'll be using for the planned fencing around the recreation field. We also are still searching for anchor chain to link the poles. If anyone has a contact for this type of chain or has access to an auger or pile driver, please contact any board member.

Docks & Canoe Rack

Reminder to all our boat slip renters and canoe rack users that we need all boats removed from their dock slips and canoes removed from the canoe rack by December 1st.

New Playground Wall and Walkway:

A new 3' wall was installed separating the children's playground and clubhouse walkway. This new wall was built

to minimize the sand that drifts onto the walkway that usually ends up in the clubhouse. On the other side of that walkway, we are gathering quotes on excavating the bushes and sand mounds that have built up against the clubhouse. The plan is to remove them and have a new paver walkway installed with new landscape bushes. We hope to have that project completed in September.

Lake Forest Community Garage Sale, Saturday, September 23rd:

Our community garage sale is only three weeks away. If you want to participate, we have a deadline of Thursday September 14th so that we can get the town permit and place your location on our website for prospective buyers. Details of the garage sale are available on our website as well as in this month's Porthole.

able to procure an instructor, will be cancelled for this year. Beach Operations, badge checks will be logged; there will be a minimum of two checks per day, preferably more. Review of Beach rules, some discrepancies were noted in the current beach rules, creating some gray areas in enforcement, Frank to provide some verbiage to clarify these areas via email and updated Beach rules will then be posted in the Porthole and at the Club. It was also noted that the Life Guards were sometimes dismissed early from the beach, Frank to re-iterate the Board stance that except for pending and forecasted bad weather (rain), the beach is to be open

until 6pm. Frank received a quote to install a 3' cinder block wall between the Yacht Club sidewalk and the play ground to contain the play ground sand. This wall to be placed over the existing curb foot print. Glenn motioned to have this wall installed, finished and capped like the outer wall to the play ground, seconded by Chuck, 6 in favor, 1 opposed. Frank received a report of a child getting hurt on the fence around play ground. He will look into it. Noted that four Trustee's terms expire in December and are up for renewal, Fred, Glenn, Augie and Frank. Being Pete is in charge of the nominated committee he to inform/remind the committee.

Lake Forest Nursery School News

The Lake Forest Nursery School is gearing up for another great year. A relaxing summer has all our board members and teacher, Mrs. Bukowski, recharged to welcome back our 4-year-olds and greet our new 3-year-olds. Both the am and pm classes are approaching full enrollment but, especially with the little ones, things can change at a moment's notice. So, if you have been thinking about joining the school, please give us a ring at 973-663-9553. We also maintain a waiting list for class years to come, so make sure you're covered for all your future toddlers.

We spent the summer hunting down some fun new things and fresh ideas for our upcoming school year. There will be plenty of singing and dancing on the "circle time" rug that has been purchased and the children are sure to love the clever projects and fun-filled adventures they are about to embark on.

Our trip committee has a lot of interesting excursions in the works for the new school year. September will take us to the Crayola Factory to see how crayons are made. Can't wait...who doesn't love the rainbow of colors Crayola has to offer?

On Monday, September 11th the children will have a chance to meet our beloved, Mrs. B, from 12:00-1:00 p.m. Later that evening our first meeting of all the parents will be held at 7:00 p.m. Everyone's looking forward to reconnecting with the old faces and welcoming the new.

Trustee Meeting Minutes, July 2006

(Continued from page 11)

Frank would like any potential Trustee candidates as well as the incumbents to write a platform stance in the Porthole prior to the elections in December. Frank brought up a proposal to allow winter boat storage on site, discussion ensued, and consensus was that we did not need the additional revenue enough to put up with the eye-sore that this proposal would allow. It was brought up that one of the sliding glass doors in the club was broken, Frank to take a look at it and perhaps consult with Frank Slusark on a repair.

Pete:

LFNS contract update, draft contract provided to the Trustees via email, awaiting their recommendations and input before a final draft will be provided to the Nursery School. HVAC replacement update, work was delayed during July and is now scheduled to begin the First week of August. Insurance claim update, elaboration provided regarding the \$2000 offered to us by the Insurance company, this is being offered as a refund of our policy premium

for the period of the event, with a credit then being applied for future reinstatement of the bond policy. The insurance company is in actuality denying our claim, there was a miscommunication in prior Trustee meetings regarding the status of this \$2000. Discussion ensued, decision was made to firstly investigate whether \$2000 is our actual premium or a diversion tactic being used by the Insurance company. Chuck and Pete to determine what the policy premium paid was. Secondly we will pursue filing a Civil claim against Kim in the hopes that we can pursue a lien against her home for the amount awarded in the civil judgment, if this to be forthcoming. By Law Changes / Committee, no one has volunteered for this committee. Pete was provided with a copy of our Selective Insurance bill which appears to be significantly increased from last year, Pete to pursue cause.

Fred:

No updates.

Augie:

New Basketball court sign received and will be mounted by Pat Brennan in the

near future. Tennis Court vendor contacted and will repair the court under warranty prior to the end of August. Augie commented about the parking in the ball field during swim meets, the field is used for overflow parking for approximately two meets per year, as they are exceptionally large teams. Next year Lake Forest will swim at their facility and not ours. Comment was noted by the swim team and they will make an effort to ensure the field is clean after the event. The majority of the Trustees felt this overflow parking was an acceptable use of the field. Statement made about beach badges peeling, Augie to send samples to vendor. Security Guards have been instructed that no one is allowed on the beach without badges. The guards will be requested to extend their hours and to begin at 6pm.

Meeting ended at 11:33pm. Next Mtg: August 10, 2006, 7:00pm. Minutes provided by Patrick Brennan, Secretary.

Note: Minutes are condensed, for publishing in the Porthole. Please contact the LFYC Office to view a full set of minutes.
