## COMMODORE'S MESSAGE

Dear Members,

I hope everyone is enjoying the spring weather now that it finally seems to have arrived and I hope to see more people enjoying the club facilities.

I would like to encourage every member to attend the meeting on May 17 to be brought up to date on the current affairs of the club and discuss any issues you may have. I would also like to remind you of the changes to the by-laws which will take effect with this meeting.

1. A quorum now consists of 10% of the current members in good standing.

2. In order to conduct any official business, a quorum must be assembled within 15 minutes of the posted meeting time (8:15 pm).

I again urge everyone to attend on time. This is one of the few times we can get together as a group to discuss our community issues.

We desperately need volunteers to help with Clean-Up Day on Saturday, May 18. The buildings are in need of maintenance. All three buildings need to be scraped, patched and painted. The more we accomplish through volunteering our time and effort, the less we have to pay others to do, which gives us better control of our dues and fees.

I would also like to ask all the parents to talk to their climbing age children about the dangers of climbing on the roofs of the Clubhouse and galley. We have received a number of reports of children playing on the roofs. So far, we have not had any reports of anyone being injured and I am thankful for that but we don't need to press our luck.

Andy Bethune  
Commodore

## NURSERY SCHOOL NEWS

Spring is a busy time for us at the Lake Forest Nursery School as Mrs. McGraw and her classes prepare for the graduation of our four- and five-year olds. The graduation ceremony, on June 6th, will be followed by the customary lunch (at the Yacht Club) for the children, their families and guests. We're all looking forward to the big day!

Thanks to all of you who came to Mr. Rubin's presentation on the school budget. It's good to be part of a community that cares enough to get involved and vote.

As part of our own continuing involvement, Nursery School is looking into the purchase of a folding extension ladder to be donated to the Club by the end of our school year. Having such a ladder on hand would be convenient for repair and clean-up projects and for putting up party decorations and this would be of use to all our members. Thanks to all of you for your help and support!

## WELCOMING TEA

Robbie Levinson and Sue Saposnik, co-chairpersons of the LFYC Welcoming Committee, have scheduled a Welcoming Tea for new residents on June 10. This annual tradition is an opportunity for those who have recently moved into Lake Forest, as well as those who have lived here some time but have never joined the Yacht Club, to view the facility, learn about the advantages to Club membership, and meet their neighbors.

The 1990 Welcoming Tea is scheduled for June 10 from 2:00 to 4:00 pm. All Lake Forest families are welcome, member and non-member families alike. Refreshments will be served.

All those who plan to attend are asked to RSVP by June 8 to Sue (-2785) or Robbie (-1383).

# **MINUTES OF TRUSTEES MEETING**

## **APRIL 10, 1990**

(This is a synopsis version. Complete minutes are available at the LFYC office)

**HOUSE** The water leak at the meter has been repaired. The problem was with the meter and therefore the township's financial responsibility.

**BEACH** Diane Faruolo will order crafts for the Children's Summer Crafts program. The program will continue with the cost to remain at \$1 per craft, as it was last year.

A bus trip is being planned for the July 21 evening game of the Mets vs. Atlanta. The bus will leave from LFYC. The price will include bus transportation and game ticket. Tickets will be sold on a prepaid, first come-first served basis.

**SIGN** The entrance gate sign has been completed and picked up. Total cost was \$646.60. It is in the office and will have to be installed.

**ROOF** The roof has been under repair. Missing shingles have been replaced and are being resealed. Margaret will call the roofer and see if the job has been completed.

**DOCKS** There are 18 open dock spaces. After much discussion, a motion was made that an attempt should be made to rent the available docks at a rate that would be 85% of an average of 3 marinas: Smitty's, Woodport and Flash. Access will be limited to dock, launching ramp and parking. This option will only be available to non-Lake Forest residents because Lake Forest residents have the opportunity to join and enjoy the club including the docks. The motion carried.

**CLUBHOUSE** It is felt that a test for asbestos fibers in the clubhouse is not warranted at this time. However, the Trustees have been told that buffing the floors does release asbestos fibers into the air, where they will remain for some time. It is recommended that the floors no longer be buffed but wet mopped and a self polishing wax be applied. The alternative to this would be to cover the existing floor. Margaret will inform Everlasting Shine that the floors should be maintained as recommended.

**GALLEY** One person is interested in running the galley this year. They will be called and asked to come down and inspect the galley and see what will be needed to get started

**NURSERY SCHOOL** Nursery School has been paying rent to Club for use of the Clubhouse. The Board would like to set a fair rent for next year. This will be discussed with the Nursery School Executive Board.

**BUDGET** The cost of propane rose this year due to the cold snap in December. This extra amount was not provided for in the budget. The money will have to come from some other budgeted area. It should also be noted that along with the shortfall from unrented docks, the membership is not increasing. These two factors have decreased the amount of income that was expected. The most costly part of the year is about to begin; lifeguards, security, recreation director, grass maintenance, etc.

**SOCIAL** Margie Mills has offered to chair a square dance this summer. A suggestion was made to invite Lake Shawnee to co-sponsor. It is scheduled for July 14.

**RECREATION** The annual Fun Run will be held again this year on June 10.

**SEMI-ANNUAL MEETING** The Semi-Annual Meeting is scheduled for May 18. The quorum necessary this year is 10% of the total voting membership. The required waiting time before the meeting can start has been reduced to 15 minutes. Both changes went into effect with December, 1989 by-laws changes.

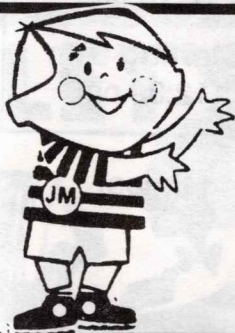

**CLEAN-UP DAY** Clean-Up Day is scheduled for May 19. The list of things to do is being compiled by Joe. Margaret asked that the clubhouse kitchen be included and that the cabinets be cleaned out. There have been complaints of ants and the food in the cabinets may be part of the problem

## ENTERPRISING ENTREPRENEURS . . . businesses of Lake Forest

Lake Hopatcong Marine has answered the prayers of every boat owner who's engine has broken down anywhere but at a marina's dock. Lake Forest resident Ron Sorensen and partner Nick Skouras, recognized that a boat owner's biggest aggravation is having a disabled boat towed to a marina repair shop or having the engine pulled out for work, so their repair service is fully mobile. Since the majority of repairs can be handled in a couple of hours your boat's down time and aggravation factor is almost eliminated.

Factory trained Master Mechanics Ron and Nick, who have been repairing Lake Hopatcong's engines since '84, have just opened a shop/used boat sales/winter storage facility at the old Green Trailer facility across from the Windlass. For their Lake Forest neighbors they have a standing discount of 20% off their regular fees.

# CLEAN-UP DAY

... bring your rakes, your brooms, your shovels  
yearning to breathe free ...

## **Liberty is the operative word for LFYC's annual Clean-Up Day.**

Liberty for all the sand in the parking lot  
-displaced by winter winds.

Liberty for autumn's leaves  
-struggling to free themselves from the  
entanglement of arborvitae and yew .

Liberty for Clubhouse & Galley paint flakes  
-chafing to loose the bonds  
of wall and overhang.

Liberty for Clubhouse ants  
-released from their valiant efforts to consume  
every last morsel in every kitchen cabinet.

# DINING OUT

Every month *Dining Out* is comprised of three sections:

- the "Guide" provides you with detailed information on area dining out choices
- "Spotlight On ..." takes you on a casual "tour" of one of the *Dining Out* restaurants
- "Dining Out Coupons" are special offers to Lake Forest residents

(Keep your recommendations coming, please! And watch for new additions every month!)

## DINING OUT GUIDE

The PORTHOLE's Dining Out Guide is a selective guide to those area restaurants that have shown their desire to reach Lake Forest residents by purchasing advertising space in this guide.

Prices are based on the average cost of an entree without the addition of drinks, tax & tips.

✓ - has bar or public rm. in addition to dining rm

# RECYCLE...The Yard You Save May Be Your Own

Recently the *DAILY RECORD RAN* a guide on recycling as part of their Earth Day series. We reprint it here in part.

The average American family of four generates 100 pounds of rubbish every week. Some studies suggest that as much as 84% of the waste stream can be recycled. Japan recycles 50% of its trash, while the United States recycles only 11% and New Jersey, about 25%. An aluminum can thrown away today still will be here 500 years from now and a glass soda bottle will last 2,500 years longer than that.

There are many ways to help, but the best way to reduce trash is to produce less of it: many appliances and building supplies can be recycled

## PACKAGING

- Avoid needless packaging
- Buy products in recyclable packages and containers
- Buy in bulk to cut down on packaging
- Let manufacturers know your feelings about overpackaging

## RECYCLING

- Recycle everything you can and encourage local officials to expand recycling programs
- Remind your employer that office paper, computer paper and corrugated cardboard must be recycled
- Compost wet household trash and yard waste
- Reuse containers and plastic bags
- Use grocery bags more than once or purchase reusable bags
- Reuse wrapping paper when possible
- Car batteries, tires, used motor oil,

## DISPOSABLES

- Do not purchase disposable products, such as razors, lighters, etc.
- Wipe up spills with a sponge or a dishcloth instead of paper towels
- Repair items that can be fixed instead of just throwing them out and buying new
- Use a mug, cup or glass instead of disposable cups
- Use cloth diapers as opposed to the disposable kind
- Use rechargeable batteries. Disposable batteries can leak mercury, lead and nickel into the environment

## MISCELLANEOUS

- Purchase recycled products to help stimulate the market
- Stop your junk mail
- Tell a friend

# LFYC TENNIS COURT RULES

The tennis court is intended for the use of all members of LFYC and their accompanied guests. Court use will be governed by the following rules:

- All court time will be on a "reserved" basis. Reservations will be for one hour of play, on the hour, i.e. 6:00 pm to 7:00 pm. Reservations may be made by signing in on the court reservation sheet outside the Club office up to five days in advance.
- If the court is not used within 10 minutes after the hour, by the reserved parties, the court will be available on a first come, first served basis.
- Court time will be determined by the clock displayed in the office window.
- No two players may play continuously for 2 reserved hours, however, one member may play with a different member for 2 successive hours.
- Tournament Play: Any scheduled LFYC tournament will take precedence over normal play. Members who are involved in an outside tournament which is open to all LFYC members, i.e. Jefferson Twp. Tournament, may reserve the court for a period of two hours any time until 10:00 am on Saturday or Sunday.

**Members and guests must WEAR BADGES when playing on the LFYC court.**
