## Commodore's Message

Dear Members,

Happy New Year! I truly hope all of us have a safe and prosperous 1986.

The New Year's Eve Party turned out to be quite a fun time. The food was excellent and the service provided by Gallo's Catering was in my opinion the best we've had at the Club. Clean-up on New Year's Day was a snap due to the great job Gallos' people did cleaning up the night before. All in all New Year's Day was a very pleasant day with football, (a little beer!), and ice skating.

1986 is shaping up as a very active and exciting year for the Club. I am optimistic that the upgrading of the Club facilities will begin in early Spring as the weather allows. The #1 priority for both the trustees and the committees involved is to give our membership the best Club that we can. We intend to pull together to do just that.

Upgrading the grounds and buildings at our Club also strikes at the heart of one other subject that we intend to make a high priority, and that is to increase our membership. It is hoped that the combination of personal contact, plus the new construction at the Club will peak the interest of some of our non-members and perhaps prompt them to feel they would like to be a part of what we are.

As a final comment you will notice that the flyers this month for the Superbowl Party and the Champagne Brunch contain references in them to the effect that non-members are welcome to attend these events in order to see what our Club is, and how we operate. In light of the fact that the trustees intend to make increased membership a high priority I would encourage all of us to talk to our neighbors that aren't members. Tell them what's happening at the Club. Show them that for the money there will be no finer facility on the lake.

With that I bid you so long till next month.
