COMMODORE'S MESSAGE

The warm weather is finally here and we are now in our busiest season. Most of you, I am sure, have seen the completed projects undertaken this year. I am pleased to report that the docks are completed and the swim curtain, despite our doubts, is in place.

I am sure all of you will join me in thanking Paul Sabia for undertaking and completing the swim curtain project. Most of us do not realize the time and the effort which was unselfishly given by Paul. I should also like to extend our thanks to the following people for helping Paul physically assemble the floating docks in preparation for the curtain:

- (1) Paul Sabia (the younger)
- (2) Grainger Yorkston
- (3) Doug Hartmann (the younger)
- (4) Linda Hartmann
- (5) Michael Mazzilli
- (6) Derek Bruning
- (7) Kelly Kennedy
- (8) Bobby Carthage
- (9) Roya Sanandajian
- (10) Steven Young

The June Dinner Dance was as successful as it was outstanding. We appreciate the efforts of those involved in making it such a joyous evening.

The Trustees have ordered some park-type benches to be placed around the property. We expect delivery of them at about the time that this Port Hole is being circulated.

The Five Year Planning Committee has also submitted a report containing suggestions for improvements to be undertaken over the course of the next several years.

Please let me take this opportunity to ask you to mark your calendars for the Family Picnic scheduled in August.

We are endeavoring this year to attempt to increase the income resulting from the Regatta which is again scheduled in September. In that respect, I would call on each of you to attempt to obtain one additional ad for the program book. Each of us, I am sure, knows someone or some company which would be willing to take an ad. George Dahlmeyer has kindly consented to coordinate all of those efforts. The application forms for the ads are available from Barbara at the office or, I am sure, directly from Ed Ross.

Let me lastly note that the By-Laws Committee has reviewed our existing By-Laws and has proposed certain changes to the By-Laws which will result in easier management and more equitable administration and some economic savings. We hope to have those available to all the members for their review prior to the Annual Meeting. Our plan ultimately is to include the By-Laws, as well as our Rules and Regulations, in some published book-type form so that each family can have one for ready reference.

Enjoy the month in good health and in good weather.

NEWSWATCH

On May 26 Lake Shawnee was sprayed with "Komeen". No attempt was made to inform Lake Forest or Lake Shawnee residents, in fact Township officials (except Mr. Stoll) were not aware of the spraying until 8 days later when they began to investigate customer complaints about recent deterioration of water quality. Township officials were appalled and embarrassed to learn that water customers in neither community had been notified because, at an April meeting set-up to discuss possible spraying of Lake Shawnee, it had been agreed, among other technical points, that the Lake Shawnee Club would inform water customers prior to herbicide spraying. Those present at the meeting were Mayor Chamberlain, Twp. Administrator Bowden, Health Dept. Head Stoll and Lake Shawnee "Governors" Archibald, Bazdalski, Hansen and Mitsock. At the May 24 Jeff. Twp. Water Advisor Bd. meeting Administrator Bowden and "Governor"/WAB co-chairperson Mitsock reported on the Twp.-Lk. Shawnee agreements and were offered assistance by Board members for the notification program.

The Weldon Mine Well transmission line has gone out to bid - with a July 21 date for opening of those bids and Aug. 4 for the treatment plant bids. The contents specify 90 days for the transmission line and 180 days for the treatment plant construction.

Due to heavy spring rainfalls reservoirs around northern N.J. are full. The DEP has, therefore, given tentative approval to a six foot draw-down of Lake Hopatcong in October.
