## Commodore's Message

Dear Members,

Basking in the sun at the LFYC beach seems to be the main occupation of members during the summer and this season is no exception.

Enjoying Lake Hopatcong and the myriad activities planned by Recreation Director George McGuire will become happy memories for everyone. 1985's Mets Game Bus Trip was a complete success: between Lake Forest and Lake Shawnee the bus was filled to capacity. Swimming lessons are in second session and many over 10 yr. olds are learning the rudiments of canoeing on Thurs. mornings in preparation for LFYC's annual Delaware River Canoe Trip. With Cartoon Nights, Red Cross Lifesaving swimming and babysitting courses; football, soccer, street hockey and baseball clinics our LFYC youngsters have had a lot to occupy and entertain them this summer.

Coming up is the annual LFYC Family Picnic which will be run by the parents of our nursery school this year. With all of their enthusiasm, expertise and sheer numbers this year's Family Picnic on August 18 should be quite an extravaganza of games of skill and chance, food, prizes and fun! fun! fun! for all ages.

Just for your information the Twp of Jefferson tests the water quality of the LFYC beach every two weeks. We have always met health requirements and standards.

Member of the LFYC Renovation Committee's Finance Subcommittee will be making available, in August, pledges and bonds to finance our Renovation Project. More information will be forthcoming in the next couple of weeks.

See you August 18 (Sunday) at the Family Picnic.

Marlene Genaud  
Commodore

## NEWS WATCH

Tri-County Asphalt Corp., which quarries the scar at the north end of Lake Hopatcong, proposes a 16.5 acre extension of it's 60 acre operation. The Lake Hopatcong Regional Planning Board is objecting to the proposal. The Board is particularly concerned with a one acre retention basin which they say will essentially destroy a tributary into the already shallow, silted and weed-filled Woodport Cove of Lake Hopatcong. Ten years ago the Lk. Hop. Reg. Plan. Board successfully blocked plans by Tri-County to do the same thing. NJDEP public hearings are geing requested by the Board.

Liffy Island acquisition plans, which officials and residents alike believed were ready for completion were abruptly broken-off by the twp. council. Unable to agree on a purchase price the council ordered a stop to negotiating and a return of the Green Acres money to the state. Liffy Island is the large undeveloped island across from the LFYC Clubhouse. The Lake Hopatcong Regional Planning Board is now exploring alternative ways to purchase the 26 acres remaining on Liffy Island and 75 acres along Woodport Bay. Lake Forest residents should make their views about Liffy Island known to the township and other area officials. The fate of Liffy Island will effect the quality of Upper Lake Hopatcong as well as the visual outlook we all enjoy.

The Morris County Park Commission is one giant step closer to it's development plans for the 600 acres of Saffin's Rock Rill Reservation on Weldon Road just this side of Mahlon Dickerson Reservation. A consulting firm hired by the county recommended uses including a fitness course and nature trails, a planetarium, an outreach center of the Morris Museum of Arts and Sciences and an environmental education center. Possible lease tenants for some of the late Richard Saffin's buildings are the Jefferson Twp. Day Care Inc. and the Milton Garden Club's use of the greenhouse for teaching classes and growing plants. Jeff. Twp. has received a copy of the report and will be meeting with the consultant and county officials for discussion of plans.

Dear Neighbors:

This is my last porthole. I would like to thank all who have helped me with its production. It was a job well done. I like to end with a quote by Henrik Ibsen found by Patty Owens in a crptoquote's puzzle; "A community is like a ship; everyone ought to be prepared to take the helm."

Thank-you for this opportunity to have served you.
